

Side Chic Forever: The Rise and Fall of Ratchet La Tonya West

La Tonya West, the woman known as the "Side Chic Forever," was born and raised in Detroit, Michigan. She was the youngest of five children, and her parents divorced when she was young. West spent her childhood in poverty, and she often got into trouble at home. She dropped out of high school after her junior year, and she worked a series of low-paying jobs before moving to Atlanta in 2003.

In Atlanta, West met a married man named Jay Jenkins. Jenkins was a successful businessman, and he quickly fell for West's beauty and charm. The two began an affair, and Jenkins showered West with gifts and money. However, Jenkins was not willing to leave his wife, and he eventually broke off the relationship.

After her breakup with Jenkins, West met another married man, this time a wealthy doctor named Dr. Jamal Thomas. Thomas was even more smitten with West than Jenkins had been, and he quickly proposed to her. West accepted, but the marriage was short-lived. After just a few months, Thomas discovered West's affair with another married man, and he filed for divorce.

Undeterred, West continued to date married men. She had relationships with a number of high-profile men, including rapper Nelly, actor Tyrese Gibson, and basketball player Antoine Walker. West became known for her lavish lifestyle, and she often flaunted her wealth on social media. She was also known for her outspoken personality, and she often made controversial statements about relationships and marriage.

In 2015, West was arrested and charged with stalking a married man named Todd Tucker. Tucker was the husband of *Real Housewives of Atlanta* star Kandi Burruss, and he had filed a restraining order against West after she allegedly threatened to harm him and his family. West was eventually convicted of stalking, and she was sentenced to probation.

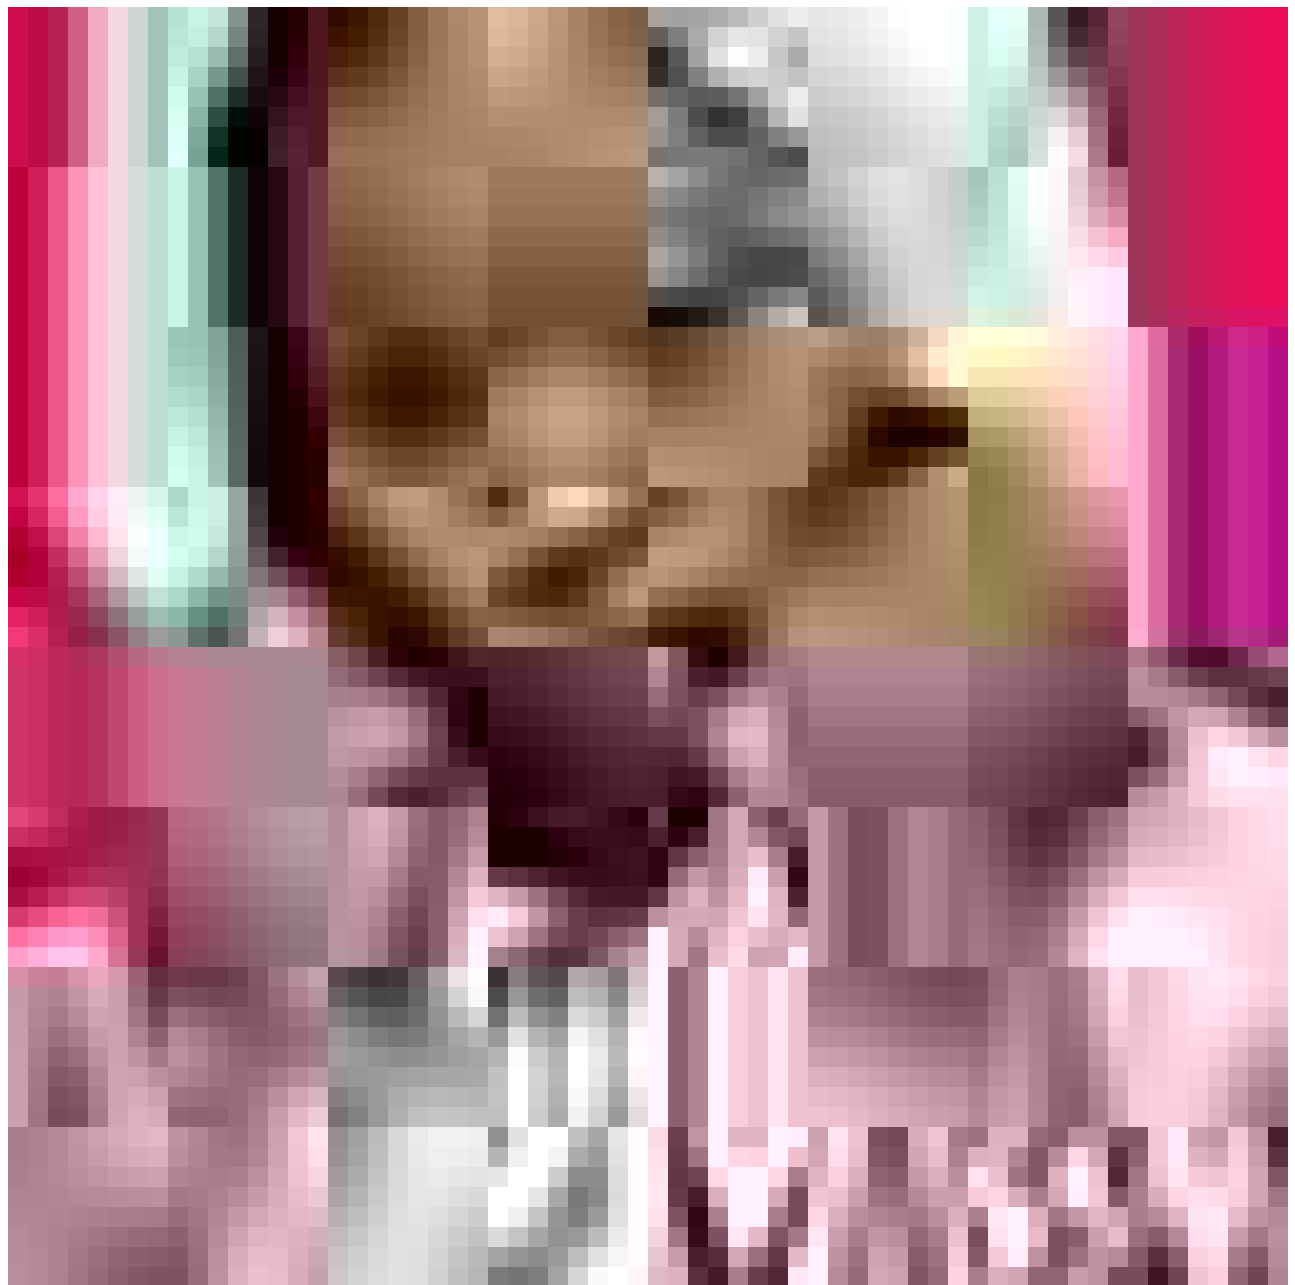

The stalking conviction was a major turning point in West's life. She lost her job, her home, and her car. She also lost custody of her two children. West has since tried to rebuild her life, but she has struggled to find work. She has also been diagnosed with bipolar disorder, and she has been in and out of treatment.

La Tonya West's story is a cautionary tale about the dangers of living a reckless lifestyle. West was a beautiful and ambitious woman, but she made a series of poor choices that ultimately led to her downfall. She was

blinded by money and fame, and she failed to see the consequences of her actions.

West's story is also a reminder that there is no shame in being a side chick. Not all side chicks are gold diggers or mistresses. Some women are simply looking for love and companionship, and they are willing to have a relationship with a married man because it is the only way they can find it.

However, it is important to remember that there are risks involved in being a side chick. You may be hurt, and you may lose your reputation. If you are thinking of having a relationship with a married man, it is important to weigh the risks and benefits carefully.
